Can I reschedule if I miss my class?

Rescheduling is only possible **before the start time of your scheduled class**. Once a class has begun (or if you miss it entirely), rescheduling is no longer available.

To request a reschedule in advance, use this link: I can’t attend a class.

- A rescheduling fee applies, which increases as the class date approaches.
- When you submit your request, you’ll receive a reschedule code that you can apply to any future class with available seats.
