How do I send a gift certificate to someone else?

Gift Certificates · https://www.vinology.com/helping/how-do-i-send-a-gift-certificate-to-someone-else/

You can send a gift certificate of any amount to any email address you like. You can even send the gift certificate at a specific time and date in the future. To do this, go to the gift certificate page and start the checkout process. On the page where you add your payment details, you will see a box with the heading "Gift Certificate Receiver Details." Select "Gift to Someone Else." If you want it sent later, click on the green "NOW" toggle button.

If you forget to send it to another person, do not fret. Simply use our gift certificate template and print out a hard copy to send later. Make sure to include the gift code that was sent to you!
