How to Cancel Your Wine School Membership

Membership · https://www.vinology.com/helping/how-to-cancel-your-wine-school-membership/

Our standard monthly Wine School Membership has an initial commitment of three monthly payments. After the third scheduled payment has been processed, you can cancel future renewals through your online account.

Your membership benefits remain available through the applicable paid-through period. There is no early-termination fee, discount clawback, or reinstatement fee under our current membership terms.

Membership included with an eligible Core offer: Some Core Sommelier enrollments include six months of membership at no separate charge. Where the offer includes the continuing annual membership, it automatically renews at $199 per year unless canceled before the first annual renewal. Canceling that future renewal during the included period does not create a membership charge.

For details, see our Terms & Conditions or contact support.

To manage an eligible cancellation, sign in to your account and open the membership or subscription management section. If you need help, contact support.
