Maximum number of seats

Your Tickets to a Class · https://www.vinology.com/helping/maximum-number-of-seats/

Our school is best experienced as an individual, or as a couple. Over two decades of running wine classes, we have found that large groups degrade the experience for other students and ruin the experience for themselves. This ban on large groups includes people who purchase tickets separately but are part of a larger group.

The school has earned its reputation as the top wine school in America. To keep the magic alive, we limit groups to no more than four people. This information is included in our terms, in the checkout process, and on our tickets.
