Missing Certification, First Steps

Academic Courses · https://www.vinology.com/helping/missing-certification-first-steps/

If you're missing a course or grade from your NWS account, you may need to enter the Certificate Recovery Program (CRP). Please follow the guidance below for information on how to proceed. Please note: To be eligible for the CRP, you must be a **member in good standing**.

Step One: Ensure you have an active NWS account

Visit the National Wine School (NWS) website and log in to your account.

- If you do not have an account, you must apply to the **Certificate Recovery Program**.
- If you completed the program in question *before* January 2024, click here for **Certification Transfer.**

Step Two: Verify Your Program

If you onboarded correctly, your program will appear on the transcript in your NWS account. If an icon of a certificate appears, you have successfully completed the program.

If you do not see your program in your NWS Account.

- You must onboard into the program. See: **NWS Onboarding Process**
- If you completed the program in question *before* January 2024, click here for **Certification Transfer.**

If you see your program but no Certificate Icon.

- Please go here: **A NWS Program Doesn't Show My Certification.**
