What course should I start with?

Academic Courses · https://www.vinology.com/helping/what-course-should-i-start-with/

If you want to learn with an instructor in Philadelphia, start with the **Core Sommelier Program**. The school supplies wines for the classroom tastings. You study tasting technique and wine regions together, and you can enter without previous wine study. View classroom dates.

If you want to try formal wine study at home, choose **Online Level One**. If you already know you want sommelier certification, **Online Core** includes Levels One, Two and Three in one enrollment. The National Wine School runs the online lessons and exams. Compare online options.
